

## Appendix 3. Risk Assessment Form

**Name of Real Estate Firm :** \_\_\_\_\_

The *Proceeds of Crime (Money Laundering and Anti-Terrorism Financing) Regulations* requires real estate brokers to conduct a risk assessment of your exposure to money laundering and terrorism financing and apply corresponding mitigation and controls. This checklist is meant to assist you in meeting these obligations. This form is presented as an example only. You may choose to conduct your risk assessment using a different approach.

*Instructions:* When you answer yes to one of the questions, this situation or customer is considered higher risk and a control measure to reduce the risk should be applied. A suggested control measure is proposed for each higher risk customer or situation. You can adapt the control measures to correspond to your business (see Annex A for list of control measures).

The results of this risk assessment should be communicated to all real estate agents and employees that deal with customers. The training should include a review of what is considered higher risk and the corresponding control measures. The date of the training should be documented. You should review your risk assessment every two years.
